

Reusable Pad Sewing Instructions

Materials

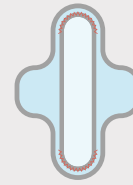

- Sewing Machine
- 2 Mismatched Cotton Fabrics
- 1 Waterproof Layer
- 3 Absorbent Layers
- Scissors

1

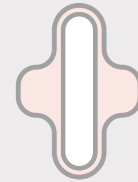

Place the waterproof layer on the reverse side of the first fabric.

2

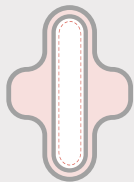

Fasten both ends of the waterproof layer using a zig-zag stitch.

3

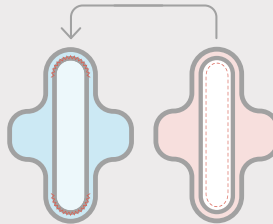

Place the absorbent layers on the reverse side of the second fabric.

4

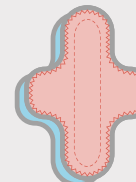

Stitch all around the absorbent layers with a narrow edge stitch.

5

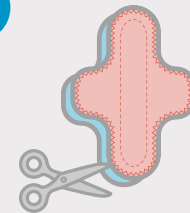

Place the two layers on top of each other with the right sides facing out.

6

Sew the layers together with a zig-zag stitch.

7

Trim the edges to neaten up the finished pad.
